

Fold Your Own **Origami Penguin**.

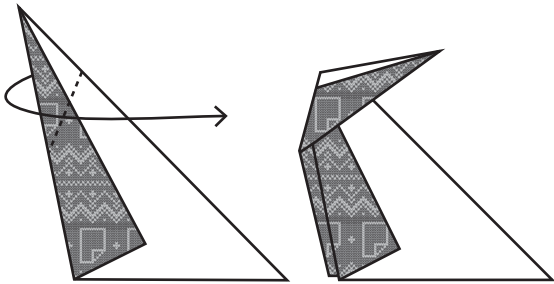

1) Fold the square paper in half and then unfold it.

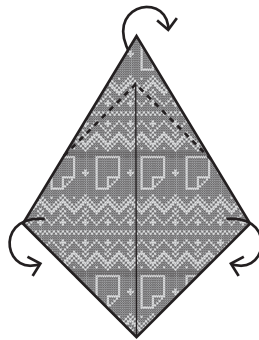

2) Fold both sides about half way into the middle.

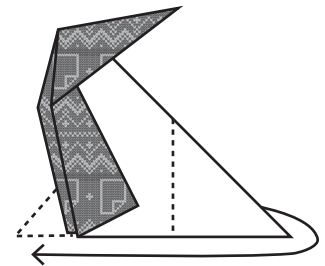

3) Fold in half the other way, bringing the top half behind.

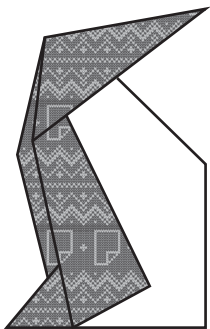

4) Fold the top corner down across the dotted line to create a crease.

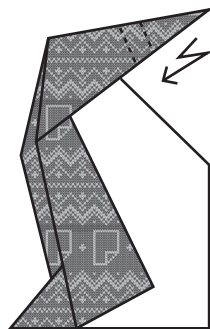

5) Open from the back, push head down to fold on the crease, then back in half.

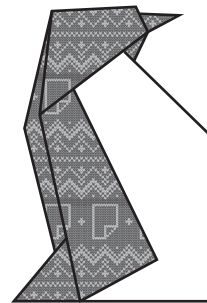

6) Fold the corner back across the body to make a crease.

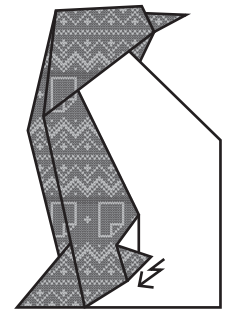

7) Reverse fold so the point creates the tail.

8) Crimp fold beak backwards to create two creases.

9) Tuck the crimp fold inwards to create the beak.

10) Pleat fold wings (optional).
